

CANADIAN INTERNATIONAL CHARITIES BY COUNTRY OF OPERATION

Limitations and Caveats

This information on which countries Canadian charities are conducting projects comes from the 2004 T3010 Registered Charity Information Return and specifically Q. C5 “For programs the charity managed directly, outside of Canada, list the countries or regions where programs were carried on. Do **not** include countries or regions where programs were managed by a qualified donee.”

There are a number of problems in dealing with the information from the T3010A.

- 1) It is based on the 2004 T3010 information filings. So it is not up-to-date.
- 2) Although an important legal document, the T3010 is often filled out by volunteers or others who have little understanding of the nuances of the Income Tax Act, may have limited language skills, in some cases, may not have easy access to the correct information and are often in a hurry to file the form to avoid deregistration.
- 3) In question C5 dealing with the list of countries or regions where programs were carried out the form provides only ten boxes. Clearly some charities conduct operation in more than 10 countries or regions.
- 4) The fact that a charity is allowed to list regions, in addition to or instead of specific countries, will always undercut the accuracy of the statistics on countries.
- 5) If one carefully reads the list of regions and countries one will find that there are all sorts of inaccuracies either on the T3010 that was filed or on CRA’s inputting of the information.

- cities named instead of countries
- countries spelled incorrectly,
- former names of countries used such as Czechoslovakia,
- lack of uniformity in country description (DRC, DROC, The Democratic Republic of Congo, the DRC etc),
- the field being used for a relevant or irrelevant memo like a particular denominations missionary was supported without reference to a country,
- some charities listed the same region or country
- some listed “world” or “worldwide” or “various” which does not really add to our understanding.
- There were a few “unknown” or “unknown countries”.
- There were a few in which not applicable or N/A or S/O was listed.
- There were references to Canadian cities such as Montreal, or Canadian provinces such as Ontario – clearly not outside of Canada.

6) The list that I was provided by CRA is in both French and English and I have translated it into English in order to better aggregate the information.
