

Which Canadian charities spent money on foreign activities in 2015 and how much did they spend?

By Mark Blumberg (April 23, 2017)

We recently reviewed the T3010 information for 2015 relating to foreign activities. The database was prepared by the Charities Directorate of CRA in January 2017 and covers about 84,442 charities (**98%** of Canadian registered charities) and their 2015 T3010 returns.

We reviewed the Canadian charities that identified they did foreign activities through funding projects abroad (approximately 5371 charities identified spending funds abroad of the 5400). We also list which identified they received CIDA funding and how much was spent on those arrangements.

The total amount claimed is about \$3.4 billion if you remove obvious mistakes. Keep in mind that additional funds are spent by Canadian charities for example when making gifts to “qualified donees” that are prescribed universities or UN agencies and they are not included in this document.

Canadian registered charities are currently required to disclose on the T3010 on line C4 and Box 2100 “*Did the charity carry on, fund, or provide any resources through employees, volunteers, agents, joint ventures, contractors, or any other individuals, intermediaries, entities, or means (other than qualified donees) for any activity/program/project outside Canada? Yes or No*” On this list we included all charities who advise CRA that they spend more than \$100,000

Those who had answered yes to question 2100 then complete “Schedule 2, Activities Outside Canada” In Schedule 2 - Activities Outside Canada it asks:

Line 1 and line 200: *What were total expenditures on activities/programs/projects carried on outside Canada during the fiscal period, excluding gifts to qualified donees?* \$^

Line 4 and Box 220: *Are any projects undertaken outside Canada funded by the Canadian International Development Agency (CIDA)? Yes or No*

Line 230: If yes, what was the total amount of funds expended under this arrangement? \$^

Please review my caveats at the end about the reliability and usage of T3010 information.

Limitations and Caveats

There are a number of cautions in dealing with the information from the T3010. You can access on the CRA website directly information on each Canadian registered charity at:

<http://www.cra-arc.gc.ca/charities/>

- 1) The data in this note is based on the 2015 T3010 Registered Charity Information Return filings. Although all charities are supposed to file their T3010 within 6 months of their fiscal year end some file late or do not file at all and then will lose their charitable status. Depending on the data set from CRA not every charity may have filed their T3010 or been inputted yet.
- 2) Registered charities complete the T3010 and one person signs the form. The T3010 information is not independently verified by CRA when it is posted on the CRA site or placed in the CRA database.
- 3) Although an important legal document, the T3010 is often completed by volunteers or others who may have little understanding of the nuances of the Income Tax Act, who may have limited language skills, and who may not have easy access to the correct information and are often in a hurry to file the form to avoid deregistration. In the case of larger institutions who would generally be those who are hiring people with higher salaries the likelihood is greater than the average that the information will be accurately prepared by the institution and its accountants or finance staff.
- 4) The T3010s are filed with CRA and in many cases needs to be coded by hand at CRA which can also introduce mistakes. Only a small number of T3010s have 2D bar code technology which will eliminate most processing errors on CRA's part. Canadian charities still cannot electronically file the T3010.
- 5) In some cases those completing the T3010 for a charity are deliberately deceptive. For example, an organizations knows that it has substantial fundraising or political expenses but chooses to put them under charitable etc. Or an organization claims pharmaceuticals that it can purchase for \$50,000 are really worth \$50 million.
- 6) Don't rely on any of this information without checking with the charity and appropriate due diligence as required.

7) The T3010 is a tax form completed according to guidance provided by the CRA in a Guide (T-4033) and also various other CRA guidances and policies. The information inputted may not conform to Generally Accepted Accounting Principles (GAAP) and many not match what is in a financial statement. You can obtain copies of financial statements, whether audited or not, on any registered charity by requesting the financial statements from CRA. These financial statements are filed with CRA but not placed on the CRA website and they sometimes add further information.

8) The T3010 asks certain questions. Many important questions are not asked on the T3010. Relying on the T3010 to make decisions on whether a charity is efficient or worthwhile to support is prone to failure. We have established a website at www.smartgiving.ca which discusses in detail questions donors may want to ask before donating to charity.

This analysis was prepared as part of the Sean Blumberg Transparency Project.

Mark Blumberg is a lawyer at Blumberg Segal LLP in Toronto, Ontario. He works almost exclusively in the area of non-profit and charity law. To find out more about legal services that Blumbergs provides to charities and non-profits please visit www.canadiancharitylaw.ca or www.globalphilanthropy.ca
